Carly Fiorina,
Republican

Thank you to the Circle of Protection for the wonderful work that you do. Reminding us, that all of us are equal in the eyes of God.

When I was a little girl, my mother taught me that what you are is God's gift to you. What you make of yourself is your gift to God. And what I know, and what you know. Is that all of us truly are gifted by God regardless of our circumstances.

And so it's imperative that we take a chance on those who are living in desperate or disadvantaged circumstances. Because you know, their lives have potential as well. Every one of us needs someone to take a chance on us. Every one of us needs a helping hand sometimes. And so we need to make sure that people, regardless of their circumstances, have those assurances.

Have people who will take a chance on them. Indeed, I think the highest call of leadership is to unlock potential in others.

As a nation, we need to be sure that everyone's life is filled with possibilities. Of course we know that opportunity is a big part of someone having the chance to use their God given gifts. While opportunity may not exist for all. We need to make sure that everyone is given the chance.

So thank you for the work that you do.

END
